# Opening Doors: Federal Strategic Plan to Prevent and End Homelessness

No one
should
experience
homelessness
and no one
should be
without a
safe, stable
place to call
home.

1. Finish the job of ending chronic homelessness by 2015.

- 2. Prevent and end homelessness among Veterans by 2015.
- 3. Prevent and end homelessness for families, youth and children by 2020.
- 4. Set a path to ending all types of homelessness.

The Plan set forth four bold and ambitious goals.

# HUD's Policy Priorities: Scoring Criteria

Housing First approach

Rapid Re-housing

# Housing First: Definition

Housing First is an approach to quickly and successfully connect individuals and families experiencing homelessness to permanent housing without preconditions and barriers to entry, such as sobriety, treatment or service participation requirements.

 Supportive services are offered to maximize housing stability and prevent returns to homelessness as opposed to addressing predetermined treatment goals prior to permanent housing entry.

## Housing First: Key Principles

- Safe and affordable housing
- All people can achieve housing stability in permanent housing
- Everyone is "housing ready"
- Improved quality of life, health, mental health, and employment can be achieved through housing
- Right to determination, dignity and respect
- Configuration of housing and services based on participants needs and preferences

## **Housing First: Core Components**

- Few to no programmatic prerequisites to permanent housing entry
- Low barrier admission policies
- Rapid and streamlined entry into housing
- Supportive services are voluntary
- Tenants have full rights, responsibilities, and legal protections
- Practices and policies to prevent lease violations and evictions
- Applicable in a variety of housing models

TRANSIT ADVOCACY GOAL

Increase Greenlink funding in 2019-2020 Greenville County 2-year budget from \$1M to \$4.5M.

# ADVOCACY TARGETS

 Defined our target as the swayable middle

- Developed messaging that spoke to what each target member valued
- Identified circles of influence for each of our targets

Hear from Greenville County business leader Bo Aughtry on why investments in Greenlink are so important: "In order for Greenville County to be successful long-term, we have to solve our transportation challenges. Greenlink Connects us to our employees, and our employees are the key to success."

Check out this great new OpEd from Dr. Alex Garvey, senior vice president of mission at Bon Secours St. Francis Health System!
