Innovation in Public Health
Tools and Resources

County Health Rankings & Roadmaps Tools & Resources
- Slides for the webinar are available here: http://www.countyhealthrankings.org/webinars/all
- Explore Health Rankings: The annual Rankings provide a revealing snapshot of how health is influenced by where we live, learn, work, and play. Find and use your county data, read our reports, and learn more what and why we rank.
- Take Action to Improve Health: Find strategies that we know work, guidance for setting a plan in motion, and resources to help you partner with others.
- Learn from Others: Sharing the stories of others ignites possibilities and inspires action. Find out about upcoming webinars, learn more about the RWJF Culture of Health Prize, and check out community highlights.
- What is Health? Learn about our vision of health.
- Stay in touch with County Health Rankings & Roadmaps:

- equityengage.com
- The Universal Community Planning Tool is open sourced and accessible to everyone at: https://equityengage.com/universal-community-planning-tool/
- Learn more about Garrett County's RWJF Culture of Health Prize story.

Peer-to-Peer Resources Shared in Post-Webinar Discussion
The following resources were sharing during the discussion following the webinar.
- Code for America works with tech and design industry professionals to help state and local governments serve their communities better.

- [GitHub](#) is a development platform inspired by the way you work. From open source to business, you can host and review code, manage projects, and build software alongside 30 million developers.

Healthy Places by Design Resources
- Our [Community Action Model](#) was developed with insights from more than a dozen years of supporting successful community health initiatives and a deep understanding of the community change process.
